Some states require prospective gun buyers to first obtain a permit to purchase a firearm and allow these permits to [qualify as alternatives to the background check requirements](#) of the Brady law. This is another reason that these estimates potentially undercount firearm sales. It is also the reason that NICS data for Hawaii only include permit checks and are therefore not included in Brady's analysis.

BRADY BACKGROUND CHECKS & SALES ESTIMATES

NICS background check data and category breakdowns from FBI NICS Reports and Statistics.
